A spacious single-storey house design, providing ultimate comfort for family life.

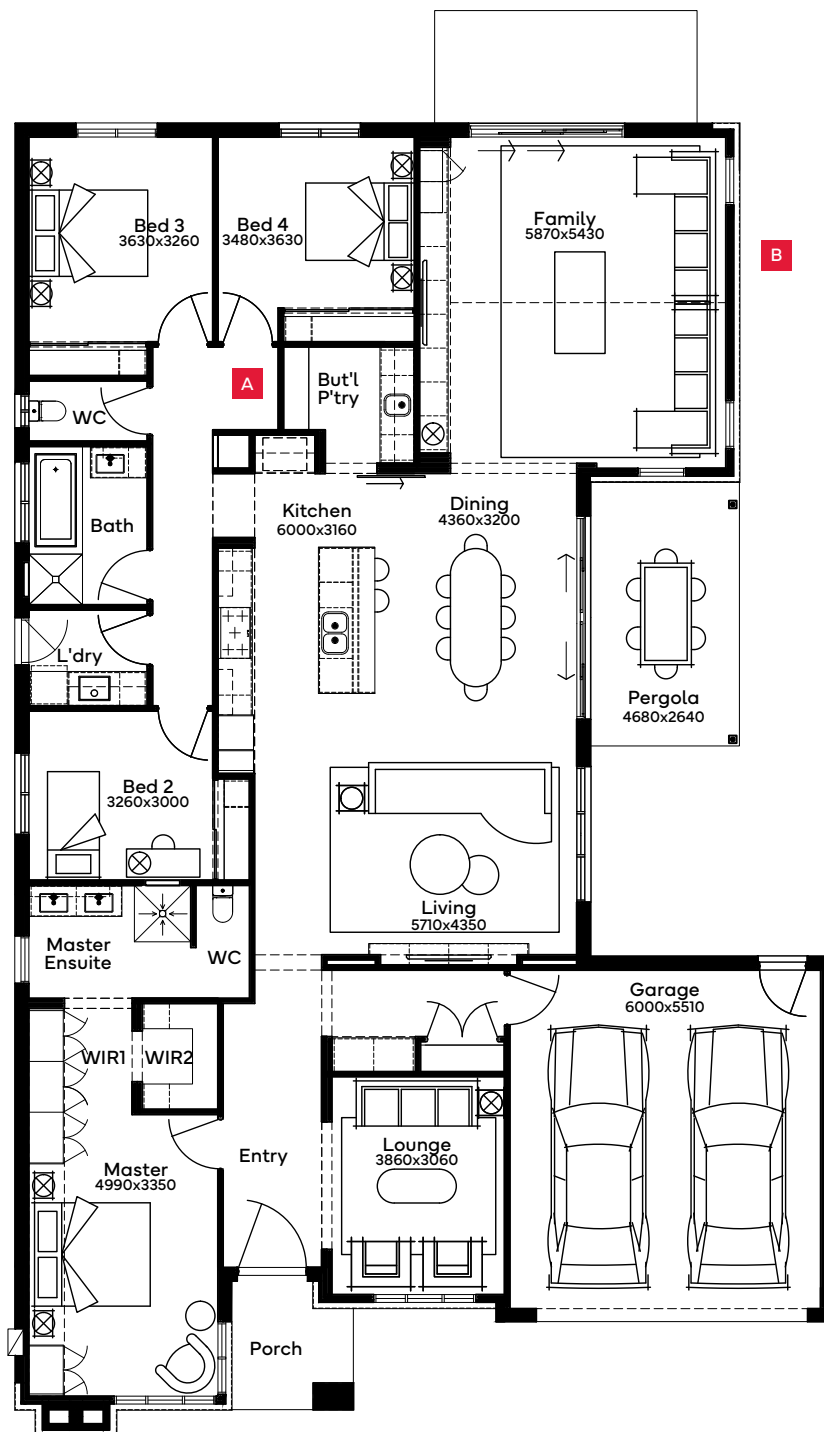

The Akuna 29, a 4-bedroom, 2-bathroom home with 3 living spaces, epitomises comfort and ease. This single-storey design is perfect for those seeking ample space without the levels. It features multiple living areas and side and rear alfrescos that enhance the indoor-outdoor living experience. The master bedroom, complete with an ensuite and walk-in robe, is discreetly situated at the front, providing a quiet retreat. In contrast, the spacious secondary bedrooms are located towards the back of the floor plan, ensuring a well-balanced space.
